Athena and her team has taught me how to build patterns from design phase all the way up to constructing bags. She teaches one how to think around the bag that you would like to create. When I started I was very enthusiastic but with very limited skills. Today I have a whole bunch of skills under my belt to create beautiful, quality bags. Thank you Style Architects!!!

Thank you Athena and Sheena . You 2 are amazing . I learnt to make a pair from absolutely nothing and with minimal equipment .

Leaving the course with shoes that you can actually wear . I cannot wait to do the handbag practical's . Thank you for sharing your knowledge.

I absolutely loved and enjoyed my course! Athena went above and beyond. The course was thorough and thoughtfully planned out.

Everything was was really amazing! Thank you so much Athena for a wonderful experience. I will certainly be back! Xxx

Thoroughly enjoyed my course with Athena and Sheena. Athena is ever ready to share her knowledge of shoe making and guides you step by step. Creative and fun class environment allows you to relax and learn while making yourself a shoe you can walk out wearing. Would recommend this course to anyone who has an interest in shoe making. Looking forward to doing more courses with Style Architects.
